## DESCRIPTION

Agricolus Free Agricolus Free is a free platform that provides users with the fundamental tools to better manage their fields and their farm, recording all the information useful to understand the progress of crops and integrating different data sources such as: satellite images, weather forecasts and data collected in the field.

The limit of hectares that can be managed with Agricolus Free is set at 10.

Access to the platform is via the website <https://web.agricolus.com>

With Agricolus Free you can record all the information you need to understand crop trends and the different factors that influence production. In addition, you can also view data relating to your fields from the [App Mobile](#).

The advantages of Agricolus Free:

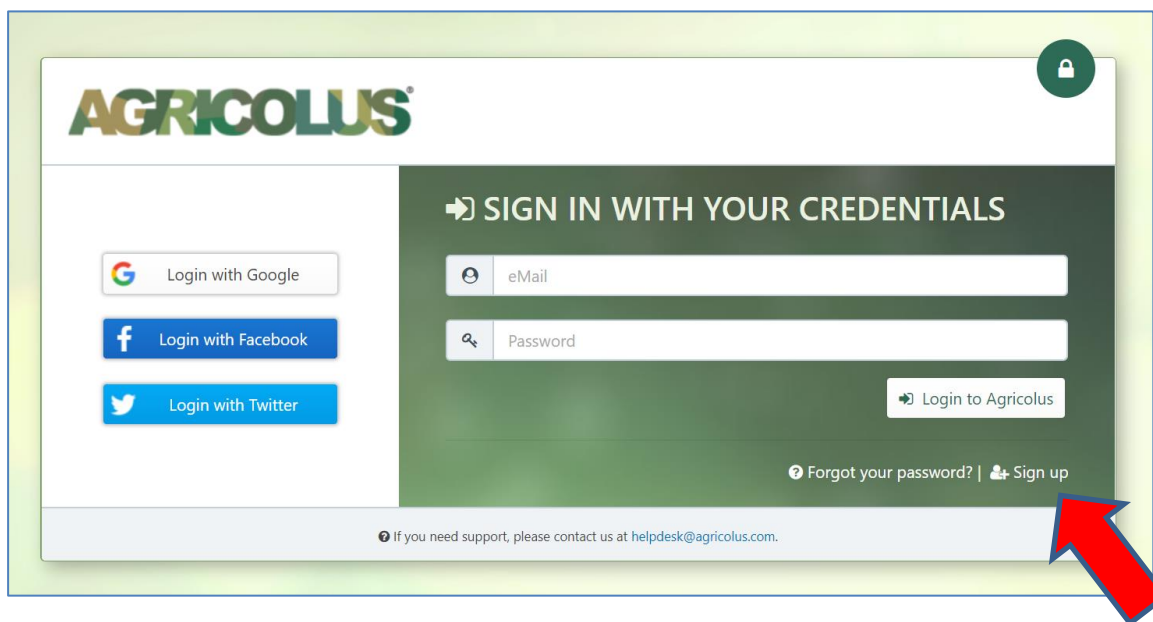

- **MAP THE FIELDS**  
Locate the plot on the map and draw the field to which the features will be attached at the same time.
- **SATELLITE IMAGES**  
Consult the satellite analysis of the field to understand the evolution and variability of crops over time. The satellite used is Landsat 8: it provides multispectral images every 16 days at a distance of 30 meters.
- **CROP OPERATIONS**  
Record where, how and when crop operations such as irrigation, treatment and fertilisation were carried out.

-

## REGISTRATION

The first time you access the platform, you must register.

After typing the address <https://web.agricolus.com> in your browser, you can access the page that allows you to register in the "NEW USER" section by clicking on "Create your account".

To create the account, you must enter all mandatory information marked with an asterisk (\*).

Accept the mandatory terms and conditions for the use of the platform.

Once you have completed your entry click on "Register".

## CHECK YOUR E-MAIL TO VERIFY YOUR ACCOUNT AND COMPLETE THE REGISTRATION PROCESS

Confirmed registration

Login

📧 If you need support, please contact us at [helpdesk@agricolus.com](mailto:helpdesk@agricolus.com).

In the E-mail received click on "**Verify E-mail**". This E-mail remains valid for five days, after this period you will no longer be able to verify your E-mail address; in the latter case you must re-register to receive a new E-mail and complete the registration.

## LOGIN

To access the platform, enter in the section "SIGN IN WITH YOUR CREDENTIALS" the E-mail and Password provided during the registration phase. Click on "Login to Agricolus"

The screenshot shows the Agricolus login interface. It includes the Agricolus logo, a lock icon, and the heading "SIGN IN WITH YOUR CREDENTIALS". There are three social login options: "Login with Google", "Login with Facebook", and "Login with Twitter". The main login section has two input fields: "eMail" and "Password". A "Login to Agricolus" button is located below the password field. At the bottom right, there are links for "Forgot your password?" and "Sign up". At the bottom center, there is a support contact link: "If you need support, please contact us at helpdesk@agricolus.com." Red arrows point from the social login buttons to the email and password fields.

## HELP DESK

The HELP DESK answers technical and agronomic questions of the user concerning the platform.

The e-mail address to receive support is [helpdesk@agricolus.com](mailto:helpdesk@agricolus.com)

In order to understand the problem and respond in the best possible way, it is always useful to report the following information:

- 1) Device used: Tablet, pc, etc.
- 2) Operating system: iOS, Android, Windows, etc..
- 3) Browser used: Google Chrome, Firefox, Internet Explorer, etc..
- 4) Telephone reference to be contacted.
- 5) Question
